TETHERING

NEOTECH HARNESS

Have more control of your dog on your walk in DOOG's new Neotech heavy-duty harness.

Designed for stronger dogs who need a tougher harness for more control on a walk & for dogs with a tendency to pull, these heavy-duty harnesses have 2 attachment points for the leash.

Use the front D-ring on the chest to attach your leash to control pulling or use the D-ring on the back for a regular, casual dog walk.

Made from heavy-duty, reflective nylon for strength and visibility and padded with breathable mesh for extra comfort.

MINI BELT

The **DOOG Mini** was designed as a smaller, more compact version of the original walkie belt. It holds your dog walking and running essentials neatly and tightly around your waist while you exercise.

The front pocket holds pick up bags while the back pocket fits most sized phones, a credit card or small amount of cash and a house key.

The elastic waistband makes it ideal for running as it doesn't bounce up and down while you exercise.
