OMEGA OIL SALMON

Give your pet's joints the natural support they deserve! Natural Animal Solutions Salmon Omega Oil is made from 100% pure Tasmanian salmon oil, rich in Omega-3s (EPA & DHA) to help maintain mobility, nourish skin, and promote a healthy coat. A simple, natural boost for their everyday wellbeing.

Features and benefits:

Supports Joint Health & Mobility: Naturally rich in Omega-3 fatty acids (EPA & DHA), Tasmanian salmon oil helps maintain healthy joints and ease stiffness.

Promotes a Glossy Coat & Healthy Skin: Packed with essential fatty acids, this oil nourishes from the inside out, supporting soft, itch-free skin and a shiny coat.

Pure & Sustainably Sourced: Made from 100% premium Tasmanian salmon oil, a by product of the Salmon farming industry, ensuring high-quality nutrition with no artificial additives.

Ingredient highlights:

Australian Salmon Oil: A rich, natural source of EPA & DHA to support joint health, mobility, and a shiny, healthy coat.

Vitamin E: Added antioxidant support to help protect cells and promote overall wellbeing.

Highly Palatable: Naturally tasty, making daily support easy & enjoyable to support cognitive health and overall vitality.
